

Homework Policy 2022-2023

Introduction

We believe that homework is a number of tasks or activities which pupils are asked to do on their own or with their parents in order to reinforce curricular objectives and learning outcomes.

We believe homework consolidates and reinforces skills and understanding in English, Maths and other curriculum areas, helps raise the level of achievement of individual pupils, provides opportunities for parents and children to work together and, thereby, fostering an effective partnership between home and school.

We consider homework should be:

- interesting and rewarding for all children;
- linked directly to a lesson
- integrated into everyday planning and set by the class teacher;
- differentiated to cater for individual children's learning needs;
- clearly understood so that children understand when, what and how the work is to be done;
- marked and fed back to the children promptly

We value the support of parents/carers and we believe that this policy will be successful if there is a strong partnership between home and school which is reflected in the Home-School Agreement.

We believe at primary school that homework should not be excessive and that children should be allowed time to build social relationships. It is very important that children have spare time for themselves in order for them to develop their character, skills and qualities to be successful in later life.

We do not want to see homework damaging children's education and their home life by it creating tension between parents and children. We believe that there must be a balance with children doing some homework and time for them to explore, experiment and enjoy learning without them feeling pressurised.

We must not overdo the amount of homework that is given to children as they need some time to relax and recover after their day in school.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Aims

- To reinforce curricular objectives and learning outcomes by setting interesting tasks or activities.
- To create a strong partnership between home and school.
- To familiarise parents with the nature of class work.
