

**Cedars Primary School**  
**PE and Sports Premium Plan 2024-2025**

**National Curriculum**

A high-quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically demanding activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed a values-led education.

*Aims*

The national curriculum for physical education aims to ensure that all pupils:

- develop competence to excel in a broad range of physical activities
- are physically active for sustained periods of time
- engage in competitive sports and activities
- lead healthy, active lives.

**Intent**

At Cedars Primary School we want pupils' experience of PE to be positive and motivating. Our broad and balanced PE curriculum strives to engage and inspire pupils to develop their confidence, knowledge, skills and understanding. They build confidence and competence in a range of activities.

We hold an annual 'Sports Day' for pupils to showcase their sporting abilities to parents and to teach children about competition, build up their resilience and encourage them to be aspirational. We also provide sporting tournaments and festivals in a range of sports to encourage participation by all at their level.

We want to inspire them to succeed and excel in competitive sport and other physically demanding activities. We offer all pupils the opportunity to take part in and compete in sport and other physical activities. This develops transferrable skills such as teamwork, problem solving and performance skills and supports their health, wellbeing, self-esteem and fitness and provides the foundations for lifelong activity.
